

CAPABILITY STATEMENT

ABOUT US

CP Group Tasmania strives to lead in Tasmania's commercial and residential maintenance and project sectors. We are dedicated to delivering high-quality work on schedule, prioritising safety and compliance. Our team values prompt, professional communication to address client needs efficiently.

Our leadership team comprises three directors with extensive industry knowledge and certifications in building, electrical, and plumbing trades. This diverse expertise enables us to offer comprehensive solutions tailored to our clients' unique requirements.

By leveraging advanced software for work order/project management and quality assurance auditing, we enhance efficiency and productivity. As a one-stop solution, CP Group Tasmania manages every project aspect from inception to completion, ensuring a seamless experience for our clients.

IN-HOUSE TRADE TEAM

CAPABILITY STATEMENT

CORE SERVICES

Facility Maintenance & Management

Preventative and reactive maintenance services to keep facilities running smoothly.

Project Management

Coordinating and delivering tailored solutions for commercial and residential projects.

Emergency 24/7 - 365 Repairs

Rapid response services to address urgent maintenance and repair needs including makesafes.

Compliance & Safety Services

Ensuring adherence to industry standards and safety regulations.

WORK FORCE & SERVICE DELIVERY

At CP Group, we employ a team of highly skilled tradespeople in-house to ensure client timelines are consistently met. Our team operates on industry-leading work order management software, enhancing productivity, streamlining service delivery, and ensuring compliance. In addition to our in-house expertise, we collaborate with a network of high-quality subcontractors, ensuring comprehensive coverage across all trade disciplines.
